Airman Does a "Corrigan" At Local Airport

L. G. Chalkin, private pilot from North Hollywood airport, did a "Douglas Corrigan" in Placerville Tuesday morning when he landed at the local airport and thought he was in Auburn.

He left the airport in Sacramento and came down in "Auburn" to inquire the direction to Grass Valley.

Local aviation enthusiasts said he evidently was flying by a road map rather than by a compass course.

Chalkin obtained his information and took off, presumably reaching his destination.

H.S. EXCAVATION CONTRACT OKEH

Sacramento Contractor's Bid Approved by PWA; Work May Start Within Few Days

That work on the excavation for the first unit of the county high school enlargement, for which bonds were voted this summer, may be started within the next few days, appeared probable Wednesday.

Principal B. E. Larson reported Wednesday noon that the low bid on the job, submitted by C. A. Baker, Sacramento contractor, has been approved by the PWA. The bid had earlier been accepted by the high school board, subject to PWA approval.

The letter indicated that Baker may be expected to start work as soon as necessary details relating to posting a bond and obtaining insurance have been attended to.

The contract was let on a bid of \$1250 for a rough excavation for the new dining hall and classroom unit. It was necessary to make this a separate project so that start on the job might within the prescribed PWA time limit. Meanwhile, the general project is being developed.

Capital Artist Club Speaker

Wallace B. Sawyer Reveals He Is Son Of Pioneer Family In Community

Wallace B. Sawyer, Sacramento artist, paid a visit to his old home town on Tuesday when he came to Placerville to be the guest speaker at the regular program meeting of the Shakespeare Club, and to display some of his numerous western paintings.

Mr. Sawyer addressed the club at the invitation of the program chairman, Mrs. Robert Carpenter and the meeting proved to be an unusually pleasant affair and one thoroughly enjoyed by the large number of members in attendance.

Added interest in the artist and his canvasses came with his announcement that he lived in Placerville in his childhood, his father, John Sawyer, having arrived here in 1852.

In his opening remarks the artist spoke of the friendship of the Sawyer family with the Blair, Pearson, Wilcox, Phillips, Lyon and other old families of the community.

Although the Crocker Art gallery has the pick of his paintings currently on display the large number which he displayed for the club members showed the skill which he possesses in portraying the changeable lights and colors in Death Valley and other desert regions of California and Colorado.

Mr. Sawyer's paintings in the Crocker Art Gallery were recently given favorable comment in the art critic for The Sacramento Bee.

After the lecture, refreshments were served by the hostesses, Mesdames Amstalden, Purcell and enderson.

AMATEUR HOUR RULES GIVEN

American Legion Committee States Regulations Governing Contests At County Fair

The Third Annual American Legion Amateur Contest, to be held October 14th, 1938, at the El Dorado County Fair, will be divided into three groups each group contesting among the entrants in their group alone. There will be three first prizes, three second prizes and two third prizes, aggregating \$45, a statement issued by the committee on Wednesday reveals.

All winners of prizes in the final contests of previous years are barred from entry in this contest. This rule does not prohibit a leader or director, who trained a former contestant or group from entering an entirely new group or a new contestant nor from acting as director or accompanist for the new group or contestant thus entered.

Entries are limited to residents of El Dorado County only.

The time limit for each stunt or performance is five (5) minutes. All contestants or entrants must register not later than October 10th, 1938.

Registration of entrants will be accepted at the Hotel Raffles.

The contestants will be divided into three (3) groups, namely: dance numbers, which shall include tap dancing, aerobic dancing, or any other type of dancing or entertainment not strictly musical numbers.

The prizes for this group are as follows: first prize, \$7.50; second prize, \$5.00; third prize, \$2.50.

The next group will consist of musical numbers, being either vocal, instrumental, or any other musical numbers.

The prizes in the second group are the same as in the first, namely: first prize, \$7.50; second prize, \$5.00; third prize, \$2.50.

Both the foregoing are for individual entrants only.

The third group of contestants will consist of stunts in which two or more contestants enter as one number but in such entries the stunt must consist of one stunt, or one performance or act only, requiring all the contestants to be on the stage at one time and must not consist of consecutive acts in which individuals or smaller groups of the larger group participate.

The prizes for the last group consist of:

Wilson Baby's Funeral Set

Services For Drowning Victim On Thursday; Coroner Plans Investigation, No Inquest

The funeral services for Dawn Beatrice Wilson, only daughter of Mr. and Mrs. John R. W. Wilson, of Camino Heights Orchard, who was drowned Tuesday in the "big ditch" near the home, will be held on Thursday afternoon at 2 o'clock from Memory Chapel.

Rev. Harold Morehouse will have charge. Following the rites, the body will be removed to Sacramento for entombment.

Coroner A. J. Orelli announced Tuesday morning that no formal inquest will be called in the case and that the cause of death will be established by a coroner's investigation.

The child, aged three and one-half years, was playing in the yard Tuesday morning when she was heard to scream. Her mother answered the call and was unable to find her. Authorities were appealed to aid in the search and shut off the water in the ditch and the receding flow revealed the body at a point about 100 feet below where the highway crosses the ditch.

The babe is survived by her parents and by three brothers.

Burns Fatal To Mrs. Burger

Aunt Of Placerville Jeweler Succumbs At San Jose To Injuries In Explosion

Mrs. B. E. Burger, widow of Dr. B. E. Burger and aunt of Leo Burger, of Placerville, passed away Tuesday evening at San Jose as the result of burns received in the explosion of a fireless cooker at her home, 341 North Fifth Street, about three weeks ago.

This is according to word received by her nephew on Wednesday morning.

Dr. and Mrs. Burger lived in El Dorado County for a number of years prior to 1922, engaging in ranching in Blair's district. In that year they moved to San Jose. Dr. Burger passed away a year ago last January.

Mrs. Burger had been reported earlier as making an apparent recovery from the burns received in the explosion, but later advised said infection had set in and this caused her death.

She is survived by three daughters, Nan, Norma and Zola, all of whom are teachers at San Jose, and by one grand-daughter, Corliss.

BREWSTER HELD GUILTY IN ASSAULT WITH VINEGAR JUG

Sentence will be passed Thursday morning in city court on Almon Brewster, found guilty by a jury which reported late Tuesday afternoon, on a charge of assault.

The jury recommended leniency in imposing sentence in returning a verdict of guilty which was reached after the eight had reported they were divided, seven for conviction and one for acquittal.

The charge had been brought by William Dietz who charged that in an argument resulting when their two cars collided while both were attempting to park in a Main Street parking lot, Brewster struck him with an empty vinegar jug.

M. T. Kelly was the jury foreman and the balance of the jury included Charles Richards, Albert Besse, Mrs. Margaret Smith, William Myers, John Kirkpatrick, Robert Hook and Owen Bosquit.

Surrender In Sudeten Crisis Under London-Paris Pressure Needs Parliament Approval

By RICHARD McMILLAN

United Press Staff Correspondent
LONDON, (AP)—Prime Minister Neville Chamberlain ordered an airplane today for a flight to the Rhine tomorrow, when he will inform Adolf Hitler of the Czech government's capitulation to the British-French demand for acceptance of partition.

In the event the Czech parliamentary committee refuses to ratify the government's decision, it was believed here Chamberlain would present the facts to Hitler and leave him to carry out whatever plans he has made, without interference.

PARADE OF SPORTS

By HENRY McLEMORE
(United Press Staff Writer)

NEW YORK, (UP)—The World Series, that pleasant fraud worked with such success on the baseball public each fall, is only a few weeks off and I, for one, am so excited I find it difficult to sleep more than 15 hours a night.

Dozens of questions concerning the world series keep popping into my head, one being how the operators of it get by with calling it the world series. I am a loyal American citizen, who wouldn't think of using the flag for a piano runner and who has a working knowledge of the Star Spangled Banner, but you can't tell me that there isn't more to the world than the 11 or 12 cities represented in the National or American League. But the rest of the world has no chance in the world series. You might assemble yourself an entire team of Babe Ruths, but unless it happened to be in the National or American Leagues it never would have a chance to show its supremacy. If a team from Java, say, arrived in this country and disputed the Yankees' claim to the title of "champions of the world" the players would get a hearing, all right, but it would be from a sanity commission, and not from Judge Landis or Jake Ruppert.

Other questions concerning the coming series that intrigues me are:

Will the Yankees win in four straight or will the opposition be stubborn and hang around and insist on getting brained in a fifth game?

Who will have the Brooklyn Bridge and gold brick concessions in the grandstands? Such items as these should sell like hot cakes among persons willing to pay \$6.60 to watch an event whose outcome is much more certain than that of a bull fight.

Will the Yankees start their first team, or hold the varsity in reserve until the National Leaguers get a base on balls and threaten to score—if they can get three more bases on balls?

Will Joe McCarthy manage to hold a straight face when, asked what he thinks will be the outcome, says it looks like a tough battle, with the team that gets the breaks winning?

Will the management of the National team that gets in the series show respect for its dead chances of winning by edging the tickets in black and using crepe and not bunting for the park decorations?

I am not a man easily moved to pity, but I cannot help but feel sorry for the owner of the National team which manages to win the pennant in that league and gets in the series. The players take nearly all of the money from the first four games, with the owners depending on the remaining three for their revenue. How much would you give right now for the owners' share of the fifth, sixth and seventh games? Being a gambler at heart I probably would risk \$10 if I had a rubber check handy. It is entirely possible that the National team which gets in the series will cost its owner money by doing so. A series that goes only four games is a great tribute to baseball's honesty, but leaves the owners holding the bag—and an empty one at that.

SINGLE TAX MEASURE ON BALLOT PERILS STATE SCHOOLS

"California schools were financed by the state at a cost of nearly \$75,000,000 during the last year, financing that will be threatened if the voters do not defeat Proposition 20 on the November ballot," Mrs. E. K. Strong of Palo Alto, a member of the California Congress of Parents and Teachers, said today.

She warned all voters, particularly parents, to "beware of Proposition 20 which is disguised by its proponents in an attempt to hide the fact that it is the same old single tax."

Said Mrs. Strong: "Our organization has made a very intensive study of Proposition No. 20. We find it to be a distinct menace to the cause of education. We sincerely believe that if it is approved, it will only be a matter of time until California schools will close."

"In other states schools have closed when the revenue to keep them open

was exhausted. It can happen here. "Under or present tax system, there has been adequate money to finance our school system during the distressing days of the depression. This financing can continue if we do not disturb the present plan."

"Our studies have shown that a single tax is wrong in principle. It will not raise the necessary funds to pay the costs of schools, of relief, of the many other functions of government that we demand."

Mrs. Strong pointed out that during the last year, the state allocated from its general fund for elementary and high schools and junior colleges in El Dorado county, a total of \$164,091.58.

Brakeman In Hysteria Takes Responsibility For Crash Of Two S. P. Trains

LOS ANGELES, (AP)—Southern Pacific Railroad officials waited for Leonard Jacobsen to recover from hysteria today before questioning him about throwing the switch that wrecked two crack passenger trains yesterday, killing eleven people.

J. H. Dyer, vice president of the Southern Pacific and a passenger on the Argonaut when it crashed into the Californian was riding in a private car at the rear of the train and immediately took charge of the rescue work. While he was working he said this incident occurred:

"A man passed. I asked him to get me an axe so I could break into a car and pull out some people. He looked at me as though in a trance. He said, 'I must tell you. I'm responsible for this wreck. I'm not crazy but I don't know why I did it.'"

The man speaking was Jacobsen, who as brakeman was forbidden by company rules from being within 20 feet of the switch at the time the Argonaut was scheduled to pass.

WATER APPROPRIATION APPLICATION DENIED IN HEARING

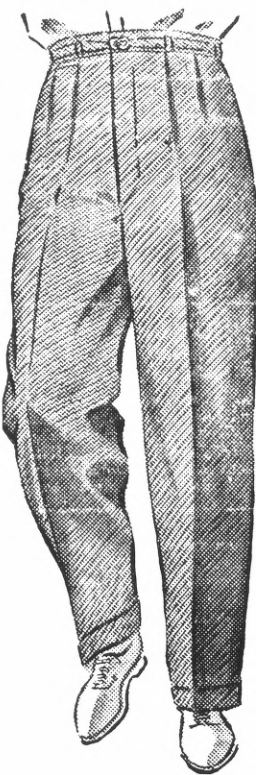

SACRAMENTO—The application of Homer V. Madden to appropriate water from the Ohio tunnel for irrigation purposes was denied in a hearing Tuesday morning before Harold Conkling, deputy state engineer.

Madden applied for leave to take 16,000 gallons a day by direct diversion and three acre feet a year by storage.

The application was opposed by John Bisagno as agent for his mother, Mrs. Margherite Bisagno in whose behalf Edward Hancock testified that the water in question had been used on the property owned by Bisagnos for seventy years to his personal knowledge.

Herman Thiele said he had known of such water use since 1912 and Ed Christian declared the water had been used on the Bisagno property for the past twenty years to his knowledge.

National Guard News

AUBURN — The work at the Armory is well under way. It sure is going to be a great improvement over the old arrangement—giving us a lot more room, the caretaker a room to stay in, and light-colored paint everywhere to lighten things up. The only trouble in the future will be that the fellows will have to watch out for the light colored paint and try to keep it clean as possible. As soon as the Armory is completely renovated we plan to have an open house night in which we would like to have the public visit us and be shown around and inspect all the equipment and have it explained to them by some of the men. Watch for the date and I am sure that you would enjoy coming up and seeing just what we have in the Armory.

We still have room for more men in the outfit. That seems to be a never-ending cry in this outfit but you will find it the same in any National Guard Company. The turnover is so great that you are always hunting for men. Due also to this rapid turnover the promotions are rapid. Last Wednesday night the officers conducted examinations for Sergeants and Corporals. There are also quite a few Private First Class vacancies in the outfit but no examination is held for them. That promotion is based solely on the recommendations of the Sergeants in the company. We feel that they work closer to the individual man and can see which men deserve an advancement better than the officers who, after all is said and done, very seldom get to really know the men as the non-commissioned officers know them. A Guard outfit is a good deal like any big business where they have foremen to superintend work and report to the office where the credit and blame lies in the process of the job.

We are sorry to lose some of the Placerville boys, but due to lack of transportation they felt that they should like to be put on reserves until a later date. They have been a fine bunch of men and had to cope with a situation very seldom encountered in a Guard Unit—namely, driving fifty-six miles every Tuesday night, winter and summer, to attend drill. We know it has been a hardship and sincerely wish we could do something to provide transportation in order to keep them in the Company.

Sacramento, Seals Win As Playoff Opens

Third place Sacramento walloped Los Angeles' Pacific Coast League pennant winners last night in the opening game of the first division playoffs, while fourth place San Francisco defeated second place Seattle.

The Solons ran up a 10-6 win over the Angels.

San Francisco trimmed Seattle, 4-2, as Koupol and Ballou limited Seattle to five safeties.

MARTIAL LAW HERE—A scene in the central square of Komotau, Czechoslovakia, eleventh of the towns in the Sudeten area which were put under martial law by the Czech government. PRIME MINISTER'S COMPANIONS — AT the left is William Strang, chief of the Central European Department for Great Britain, and at the right, Sir Horace Wilson, who accompanied Prime Minister Neville Chamberlain at his recent meeting with Chancellor Adolf Hitler of Germany to attempt to stave off a war. Mr. Strang acted as interpreter. Sir Horace is Prime Minister Chamberlain's most trusted adviser.

MRS. ANNA BAER HELD UNDER SUSPICION OF ARSON ATTEMPT

Mrs. Anna Baer, of upper Cedar Ravine, was lodged in the county jail about three o'clock Wednesday morning after she had, it is charged, been apprehended by Joseph Shepard, a neighbor, in an attempt to set fire to his home.

Later in the day she was questioned by District Attorney Henry S. Lyon and Sheriff George M. Smith, and Mr. Lyon said following the interview that a charge of attempted arson probably will be filed.

Shepard reported to Sheriff Smith that Mrs. Shepard's attention had been attracted in the early morning by a flare of light near the house and that she called Mr. Shepard's attention to it.

Mr. Shepard saw some object moving near the house and obtained a gun and a flashlight, turning the latter upon the figure, which proved to be Mrs. Baer. She was detained by Shepard and the sheriff was called.

Sheriff Smith reports he found a place near the porch of the Shepard home where a wad of paper had been stuffed under the porch and nearby was a match which had been lighted but had failed to burn for any length of time.

Mrs. Baer, according to District At-

torney Lyon, inferred that she had been ill and that her early-morning wandering was a result of the illness.
